SUMMARY

Creative and detail-oriented Frontend Developer and UI/UX Designer with training in the **Advanced Program in Digital Media Creation (APDMC)** from **MAAC**. Skilled in building responsive, user-friendly websites and designing intuitive digital interfaces using HTML, CSS, JavaScript, Bootstrap, React, and Figma. Passionate about creating modern web experiences that combine functionality with clean, visually appealing design. Eager to begin a professional career where I can apply my technical and creative skills while continuously learning and contributing to innovative digital projects.

PROJECTS

Chandigarh University Clone Website

Technologies: HTML5, CSS3, JavaScript, Bootstrap

- Developed a responsive clone of the Chandigarh University homepage with a modern, user-friendly interface.
- Implemented responsive navigation, hero section, forms, and interactive UI components.
- Focused on clean code, mobile responsiveness, and an improved user experience.

Luxury Shopping Brand Website

Technologies: HTML5, CSS3, JavaScript, Bootstrap, Figma

- Designed and developed a premium e-commerce website with a luxury-inspired user interface.
- Created responsive product pages, promotional banners, and visually appealing layouts.
- Emphasized modern design principles, usability, and seamless navigation to enhance the shopping experience.

Luxury Restaurant Website

Technologies: HTML5, CSS3, JavaScript, Bootstrap, Figma

- Designed and developed a fully responsive restaurant website featuring an elegant and modern interface.
- Created engaging sections for the menu, reservations, chef highlights, and customer testimonials.
- Applied UI/UX principles to deliver an intuitive, visually appealing, and user-friendly browsing experience.

Personal Portfolio Website

Technologies: HTML5, CSS3, JavaScript

- Designed and developed a responsive personal portfolio to showcase web development and UI/UX design projects.
- Built interactive sections for skills, projects, services, and contact information with smooth navigation.
- Focused on performance, accessibility, and a clean, professional design that reflects personal branding.
